OFFICE OF THE COMMISSIONER, CORPORATION OF THE CITY OF BANGALORE.

Notice dated 28th May 1952.

No. A1. C. 15—50-51. The appended draft bye-laws for the regulation of buildings are published under Section 371 of the City of Bangalore Municipal Corporation Act, 1949, for the information of the public. The draft bye-laws will be proceeded with as laid down in sub-section (*b*) of Section 371 of the Act. Printed copies of the bye-laws are kept at the Municipal Offices (City and Civil Station Area) for public information and all persons are permitted to peruse them during office hours free of charge. Printed copies of the draft bye-laws will also be sold to any person on payment of annas two per copy.

B. M. ABU BAKER,
202 *Commissioner.*

BYE-LAWS FRAMED BY THE CITY OF BANGALORE MUNICIPAL CORPORATION UNDER SUB-SECTION (4) OF SECTION 240 AND CLAUSES (a) AND (b) OF SUB-SECTION (12) OF SECTION 367 OF THE CITY OF BANGALORE MUNICIPAL CORPORATION ACT, 1949 (ACT LXIX OF 1949), FOR THE REGULATION OF BUILDING AND FOR DETERMINING THE INFORMATION AND PLANS TO BE SUBMITTED WITH APPLICATIONS TO BUILD.

Building Sites.—1. No piece of land shall be used as a site for the construction of a building,—

(i) if the Commissioner considers that the site is insanitary or that it is dangerous to construct a building on it;

(ii) if the site is within thirty feet of the highest water mark of a tank, unless the owner satisfies the Commissioner that he will take such measures as will prevent any risk of the domestic drainage of the building passing into the tank;

(iii) if the owner of the building has not shown to his satisfaction all the measures required to safeguard the construction from constantly getting damp;

(iv) if the construction of the building thereon is for public worship, which in the opinion of the Corporation will wound the religious feelings of any class of persons in the vicinity thereof;

(v) if the site is not drained properly or is incapable of being well drained;

(vi) if the site is filled up tank, or has been filled up with or used for depositing rubbish, offensive matter or sewage, unless the Health Officer has examined the site and granted a certificate to the effect that it is, from a sanitary point of view, fit to be built upon;

(vii) if the building is to abut on a street, unless the site is of such shape that the face of the building can be made parallel to the line of the street or as nearly parallel to the said line as the Commissioner may allow;

(viii) if the use of the said site is for the purpose of establishing a factory, ware-house or work-place, which in the opinion of the Commissioner will be a source of annoyance to the health and well-being of the inhabitants of the neighbourhood.

Provided that any person aggrieved by the decision of the Commissioner may within thirty days of the date of such communication of the decision, appeal to the Standing Committee whose decision shall be final and binding on the applicant.

Notice to be given.—2. (*a*) Every owner of a land or building intending to construct or re-construct any building or well or hut shall give notice within the meaning of sections 244, 255 or 256 of the City of Municipal Corporation Act, 1949, of his intention to the Commissioner according to the Form appended to these Bye-laws.

(*b*) The power of sanctioning or refusing to sanction such building shall be exercised by the Commissioner.

(*c*) The Commissioner may refuse permission for the use of a site for the construction of a building for any specified purpose if he is satisfied that its use will be detrimental to the health and comfort of the locality.

Plans to be furnished.—3. Every person giving such notice shall submit therewith the following:—

(i) A copy of the title-deed of the site on which the construction or re-construction is proposed, if called for.

(ii) A challen for payment into the Corporation Treasury of the fees as specified in bye-law No. 4 below.

(iii) A site plan in duplicate drawn on tracing cloth to a scale of not less than one inch to thirty-two feet and showing—

(*a*) the area to be occupied by the proposed building;

(*b*) the position, nature and use of all existing buildings thereon, and of the proposed building, and all appurtenant out-buildings;

(*c*) the nature of the ground on which the proposed building is to be erected, whether made or natural weather rock, clay, gravel, sand or mixed, as the case may be; and in the case of made-up grounds, the time when it was so made-up, and the materials used in making it;

(*d*) the position of latrines or privies, and the proposed method of drainage;

(*e*) the name, if any, or description of the adjacent roads, streets or lanes with the width thereof, and the position, use and number of storeys of the adjacent buildings giving the dimensions of the distance they are away from the road margin;

(*f*) the purpose of the proposed structure or parts thereof;

(*g*) the number of the lot and the name and number of the block and street or road in which the land is situated; and

(*h*) where the site on which the building proposed to be erected abuts a road, the breadth of such road as measured between the outer edges of the drain, if any, and the line of buildings on both sides.

Provided that in the case of buildings of less than Rs. 500 in value, it shall be sufficient for the site plan to show to the satisfaction of the Commissioner, without scale, the size of the proposed building and its position on the land, together with the position of the land with reference to adjacent buildings or lands.

(iv) The plan of the proposed building shall be submitted in triplicate, drawn on tracing cloth to a scale of not less than one inch to eight feet, and showing.—

(*a*) the plan of the ground floor, and of each floor with sections and elevations on the same scale;

(*b*) the levels of the foundations, and the lowest floor or plinths, with reference to the level at the centre of the adjacent roads or streets and the level of the site;

(*c*) the depth and thickness of foundations;

(*d*) the height and thickness of the plinth or basement walls and of the walls above the plinth;

(*e*) the thickness of the floor or floors and the dimensions and structure of the roof;

(*f*) dimensions of all doors, windows and ventilators;

(*g*) the position of the line or frontage of the proposed buildings with reference to the adjacent side-drain of the street or road which the building faces, or if there is no such side-drain, with reference to the central line of the street or road;

(*h*) where the proposed construction is for the addition of any subsequent floor over an existing structure, a certificate of soundness of the foundation and the existing structure by a licensed surveyor shall be furnished along with the application, if so desired;

(*i*) in case the proposal is to sub-divide an existing property, the whole property must be shown and the proposed dividing walls shown in different colours. Sanction or refusal of a sub-division will rest with the Commissioner, who shall consider the sizes of neighbouring properties and possibility of arranging suitable amenities for each portion and will not be bound to give effect to any registered sale or partition deed;

(*j*) corrections made on all the plans in the Commissioner's Office will have to be adhered to by the applicant.

(v) The plan of every building of more than Rs. 500 in value shall be accompanied by a specification showing the nature and description of the materials to be used in the construction of the various parts thereof, including the dimensions of all beamns, columns, posts, pillars bressummers, etc.

(*vi*) With the plan of every building costing over Rs. 25,000 and in every case where reinforced concrete construction is proposed to be employed, a certificate that the plan has been drawn by or scrutinised by a qualified Engineer shall be furnished on the plan.

4. (*a*) *License Fees.*—Every person intending to construct or reconstruct any building within the meaning of sections 244, 255 or 256 of the Act, shall tender together with the notice mentioned in bye-law No. 2, a chellan for having paid into the Corporation Treasury the necessary license fee in respect of such building at the rate of Re. 1 for every one hundred square feet or part thereof of the ground floor and any basement floor below ground floor, and at the rate of Rs. 0-8-0 for every one hundred square feet or part thereof of the subsequent top floors. If sanction is refused, the license fee will be refunded on application to the Commissioner.

(*b*) Every application for renewal of license within the meaning of section 250 or 261 of the Act, shall be accompanied by a chellan for having paid Rs. 2 for each renewal into the Corporation Treasury:

Provided the application for renewal is made within thie period of expiry. If application is made after the expiry of the period, full license fee as per bye-law No. 4 (*a*) will have to be paid.

(*c*) For every structural alterations proposed to be carried out to any existing structure, such as Chajja roofing, insertion of doors and windows, partition walls, etc., a chellan for having paid into the Corporation Treasury Rs. 2 shall accompany every application.

(*d*) Every license granted under section 244, 255 or 256 of the Act shall be kept in force so long as the work is continued to progress by a license fee of Rs. 2 per year in the case of buildings; and Re. 1 per half-year in the case of huts or wells. If the work is continued without renewal notwithstanding the proviso that the work has been commenced within the period of the currency enumerated in section 250 or 261 of the Act, such construction shall be deemed to have been constructed without permission within the meaning of section 264.

5. *Prohibition of Certain Sites.*—No foundation of a new building intended for human occupation shall be constructed on a site which has been filled up with or used as a place for depositing excrementitious matter or the carcasses of dead animals or other filthy or offensive matter until such matter shall have been properly removed to the satisfaction of the Health Officer, or shall, in his opinion, have become innocuous.

6. *Special Provision for Factories, etc.*—Every application for a factory, workshop or work place in which it is proposed to employ steam power, water power, mechanical power or electrical power, shall not be construed to fall within the purview of section 244 of the Act unless and until the conditions of section 298 af the Act are satisfied and permission obtained therefor.

7. *Building not to be erected on a Corporation Drain, etc.*—No building shall be constructed over a Corporation drain, sewer lines or water mains.

8. *Location of the Building.*—In no new building, or buildings whose frontage is proposed to be reconstructed, shall the foundation of the external wall along the street, be located less than 1′ 6″ from the end of the street or road margin including the drain.

9. *Special Power of Commissioner.*—The Commissioner shall have power to impose in writing conditions regarding the location of the building on a site with reference to any street, adjacent building, or any other features, such as power lines, and the like, either existing or projected and shall also have like power to impose conditions regarding open space, height of buildings, ventilation, or materials to be used in the construction or the purpose to which the building or parts thereof are to be used.

10. *Foundation of Walls.*—The footings of the walls and the pillars and the posts of the ground floor of the building proposed to be erected should rest on solid ground or upon a sufficient thickness of concrete, or upon some solid and sufficient substructure as a foundation:

Provided that where a solid rock is met with, at or near the surface of the site of such building, that is, within three feet of the level of the base of the wall, the footings may be omitted if the surface of the rock is properly cleaned sufficiently and stepped and jagged to receive the first course of masonry.

11. *Plinth.*—The height of the plinth in the case of the buildings which are to be built abutting a street shall not be less than 1′ 6″ above the level of the street on which it abuts, and in the case of the buildings which are to be built away from a street, it shall not be below such height as may be fixed by the Commissioner. The steps, if any, should not be provided over the Corporation drain or land access to the property being had over slabs laid over the drain so as not to obstruct the same.

12. *Insertion of Damp Proof Courses.*—In the case of buildings which, in the opinion of the Commissioner, are likely to be damp on account of the high level of the subsoil water in the site, it shall be lawful for the Commissioner to impose conditions for the insertion of damp-proof courses of any conventional design, materials and workmanship.

13. *Chimney.* Every person erecting a chimney shall so construct it that the upper outlet shall be at least four feet above the roof of the house, and the Chimney shall be so constructed that it shall not be a source of inconvenience and nuisance to any existing portion of an adjacent building which is used as living rooms.

14. *Height and Area of the Room.*—(*a*) The height of every room intended to be inhabited in a building shall be not less than eight feet from the floor to the ceiling; provided however that a room in the roof which acts as an access to the terrace from the staircase may be of a minimum height of 6′ 6″ from the floor to the ceiling.

(*b*) The floor area of the dwelling room shall be not less than 60 square feet; and no room shall be built which is less than thirty square feet in superficial area.

15. *Ventilation.*—(1) Every room shall have windows or ventilators each not less than 2½ feet in width (other than roof lights or ventilators) opening directly into the external air and of a total area of not less than twelve and a half per cent of the floor area of the room or twelve square feet whichever is greater.

Provided that where any door, or doors of such room also open directly into the external air, it shall be sufficient if the total area of such door or doors and of the windows and ventilators is not less than twenty per cent of the floor area of the room.

(2) The condition prescribed by sub-rule (1) shall be deemed to be satisfied if the doors, windows and ventilators, referred to therein open, instead of into the external air, into a verandah—

(i) the height of the eaves of which measured from the level of the floor thereof is not less than six feet and

(ii) which opens for the whole of its length on to an open space of width not being less than eight feet.

(3) Every open space referred to in clause (ii) of sub-rule (2) shall be free and be kept free from any erection thereon and shall be opened to the sky. Balconies and chajja projections will be treated as built up area.

Provided that a portico of reasonable dimensions may be treated as part of the open space for the purposes of these sub-rules.

16. *Height of the building.*—No person erecting or re-erecting a building on a site which abuts on a street shall so construct it that any point of it is at a height greater than 1½ times the width of the street including drain and pavements immediately in front of it and in no case more than sixty feet.

17. *Aerial Projections.*—No person who builds, alters or adds to a building within the meaning of section 244 of the Act, shall allow any part of his building, temporary or permanent, to project beyond the limits of his site, so as to make it encroach upon or overhang any Corporation road or lane, or the margin thereof or any other Corporation land.

18. *Drainage of roof water.*—All water spouts to drain off roof or other water, shall be led down to the ground touching the wall, and shall not be so constructed as to discharge water to the inconvenience or annoyance of neighbours, or passers-by, or to the damage of the Corporation property.

19. *Prohibition and regulation of doors and windows, etc.,—opening outwards on Corporation land.*—(1) No door, gate, bar, ground-floor or window shall, without a license from the Commissioner, be hung or placed so as to open outwards upon any street.

(2) The Commissioner may by notice require the owner or occupier of any premises to remove or alter any projection, encroachment or obstruction situated against or in front of such premises and in or over any street or any public place, the control of which is vested in the Corporation.

20. *Inspection.*—All Officers of Health Department of and above the grade of Sanitary Inspectors, and all officers of the Corporation Public Works Department of and above the grade of Sub-Overseers shall be competent to inspect buildings at all reasonable hours during the day.

21. *Septic tank.*—Septic tanks shall only be constructed on soil certified as fit by and as per plans approved by the Engineering and Health Departments.

22. *Drainage to be provided in certain cases.*—In localities where facilities for drainage and daily conservancy have not been provided, no dwelling houses shall be constructed unless sufficient facilities for drainage and daily conservancy are provided by the owner to the satisfaction of the Commissioner.

23. *Area of the site to be built upon.*—As a rule on all sites measuring 100 × 100 or more, no more than half the site shall be built upon. In other cases, no more than two-thirds of the site shall be built upon.

In the case of houses abutting upon the roads, notified under section 241 of the Act, the Commissioner may, in his discretion, allow a larger extent than half or two-thirds to be built upon.

Houses shall not ordinarily be built contiguous to each other except when the breadth of the site is less than forty feet. On all sites where breadth is forty feet and above, there shall be a clear open space belonging exclusively to the site throughout the side of the main building, or three-fourths of the depth of the site, whichever is greater. The minimum in no case shall be less than five feet wide.

24. *Huts, sheds or ranges.*—Every person who intends to erect huts, sheds or ranges or blocks of huts or sheds, whether the same are to be used as dwellings or stables, or for any other purpose, shall first obtain the approval in writing of the Commissioner for the site, for the said purpose, and shall submit a site plan in duplicate, showing—

(i) the location of sheds or ranges;

(ii) the position and number of baths, privies, latrines and urinals and the method of drainage;

(iii) the materials to be used in the construction of walls, roof and floor;

(iv) the position of doors, windows and ventilators of each unit.

25. *Prohibition of mud walls.*—Within the Corporation limits, no walls of any building shall, except with the permission of the Commissioner, be made of mud alone.

26. *Building plot to be levelled.*—The building plot of every building shall be levelled in such a manner that rain water may rapidly drain off into a water course or Corporation drain.

27. *General.*—No building site shall be surrounded by a hedge of lantana aloe, prickly-pear or other objectionable plant or by a fence of barbed wire.

28. Where more than one unit or an additional unit is applied for in the same site, plans in duplicate of the proposed layouts with dimensions of open spaces attached to each unit and approach, roads and other amenities must be first got sanctioned. The cost of formation of roads and laying of sewers and water lines must be paid by the applicant before sanction by the Commissioner.

29. *Notice of completion of building.*—Every person who shall erect a building shall within one month after the completion of such building, deliver, or send, or cause to be delivered or sent, to the Commissioner at his office, notice in writing of the completion of such building.

30. The Commissioner may permit temporary construction in positions approved by him and with such material he may order, on the applicant executing an agreement on a twelve annas stamp paper agreeing to remove the construction with a certain period or whenever the Commissioner may call upon him to do so.

31. *Special conditions in individual cases.*—Notwithstanding anything contained in these bye-laws, it shall be within the discretion of the Commissioner to attach special conditions to individual cases, provided that they are not inconsistent with the provisions of the Act.

32. *Power of Commissioner to accept fees in composition of offences.*—The Commissioner if in his opinion considers that any act committed in contravention of the provisions of these bye-laws, is of a nature that the work could be allowed to remain due to its not being objectionable, may accept a composition fee against the offence committed and order the work to be retained.

No composition fee in excess of Rs. 500 shall be levied by the Commissioner without reference to the Standing Committee concerned.

Form 'A'.

(Bye-law No. 2)

One anna Court fee stamp to be affixed. Price One anna.

CORPORATION OF THE CITY OF BANGALORE.

(Works Department)

Application for approval of site and permission to construct a building under sections 240(4), 244, 255 and 256 of the City of Bangalore Municipal Corporation Act, 1949.

To,

The Commissioner,
Corporation of the City of Bangalore,
Bangalore.

Sir,

I beg to give you notice that I intend to construct/reconstruct/alter/add to the building/well/hut in.....

Street, ... Division, in accordance with the provision of Sections 240 (4), 244, 215, 255 and 246 and I forward herewith the following documents.*

I request that the site may be approved and that permission may be accorded to execute the said work.

Signature.....
Name in Block letters.....
Address.....
.....

*Documents presented with this application :

(i) A copy of the title deed of the site on which the construction or reconstruction is proposed.

(ii) A chellan for payment into the Corporation Treasury a sum of Rs..... as per details below.

(iii) A site plan in duplicate drawn on tracing cloth to a scale of one inch to thirty-two feet and showing :—

(a) the area to be occupied by the proposed building,
(b) the position, nature and use of all the existing buildings thereon and of the proposed building and all appurtenant out-buildings,
(c) the nature of the ground on which the proposed building is to be erected, whether made or natural, whether rock, clay, gravel, sand or mixed, as the case may be; and in the case of made-up grounds, the time when it was so made up, and the materials used in making it.
(d) the position of latrines or privies and the proposed method of drainage,
(e) the name, if any, or description of the adjacent roads, streets or lanes with the width thereof, the position use and the number of storeys of the adjacent buildings giving the dimensions of the distance they are away from the road margin,
(f) the purpose of the proposed structure or parts thereof,
(g) the number of the lot and the name and number of the block and street or road in which the land is situated, and
(h) where the building proposed to be erected abuts a road, the breadth of such road as measured between the outer edges of the drain, if any, and the line of buildings on both sides.

Provided that in the case of buildings of less than Rs. 500 in value, it shall be sufficient for the site plan to show to the satisfaction of the Commissioner, without scale, the size of the proposed building and its position on the land, together with the position of the land with reference to adjacent buildings or lands.

(iv) The plan of the proposed building shall be submitted in triplicate, drawn on tracing cloth to a scale of not less than one inch to eight feet and showing—

(a) the plan of the ground floor, and of each floor with sections and elevations on the same scale.
(b) the levels of the foundations and the lowest floor or plinths, with reference to the level at the centre of the adjacent roads or streets and the level of the site.
(c) the depth and thickness of foundations,
(d) the height and thickness of the plinth or basement walls and the walls above the plinth,
(e) the thickness of the floor or floors and the dimensions and structure of the roof;
(f) dimensions of all doors, windows and ventilators;
(g) the position of the line or frontage of the proposed buildings with reference to the adjacent side drain of the street or road which the building faces or if there is no such side drain, with reference to the central line of the street or road;
(h) where the proposed construction is for the addition of any subsequent floor over an existing structure, a certificate of soundness of the foundation and the existing structure by a licensed Surveyor, shall be furnished along with the application, if so desired;
(i) in case the proposal is to sub-divide an existing property, the whole property must be shown and the proposed dividing wall and work shown in different colours. Sanction or refusal of a subdivision will rest with the Commissioner, who shall consider the sizes of neighbouring properties and possibility of arranging suitable amenities for each portion and will not be bound to give effect to any registered sale or partition deed.

(v) Further information and specifications :—

(1)	The annual Corporation Tax ...	Rs.
(2)	Total area of the site ...	Sq. ft.
(3)	Total area of the existing and proposed building.	Sq. ft.
(4)	Total maximum height of the building above the centre of road or street abutting the proposed building.	Ft.
(5)	Width of such street or road at the extreme ends of the building.	Ft.
(6)	Level of site at its lowest above the road level/below the road level abutting it.	Ft.
(7)	Nature of foundation made up soil/natural soil.	...
(8)	Height of basement or plinth above road or street level.	Ft.
(9)	Material to be used in foundation and walls.	...
(10)	Material to be used for frame and covering the roof.	...
(11)	Height of the invert of drain of latrine above the Corporation drain, if it abuts.	Ft.
(12)	Height of invert of drain of bath room above the Corporation drain, if it abuts.	...
(13)	Height of invert of kitchen drain above the Corporation drain, if it abuts.	Ft.
(14)	If cess-poll ..... height of the walls enclosing it, above the level of the nearest Corporation drain.	...
